Reviews of Adhesion and Adhesives

Edited by K.L. Mittal

- Immediate reviewing, rapid decision-making, accepted articles published immediately online when ready for publication
- Abstracted and indexed by Chemical Abstracts, Polymer Library, Google Scholar
- OPEN ACCESS available to authors upon request
- ISSN 2168-0973 Volume 1 (4 issues): \$430 for institutions

SCOPE

Reviews of Adhesion and Adhesives (RAA) provides in-depth, incisive, illuminating and thought-provoking reviews written by subject matter experts covering all aspects of adhesion science and adhesive technology. Each review is imbued with the author's experience so that the reader will be able to assimilate the research in the area discussed easily and will be able to apply it in practice.

READERSHIP

Chemists, materials scientists, surface and coatings engineers in academia and manufacturing companies.
